

Publisher Restricts Distribution

(revised January 21, 2011)

The following publishers have currently chosen to retain exclusive distribution rights of their materials and their titles cannot be purchased from us. If you would like phone numbers or addresses for any of these publishers, please call us at 800-245-9540. This list is subject to change at any time as more and more publishers recognize the value of allowing wholesale distribution of their titles.
