

Mackin's innovative leveled library system helps keep your bookroom organized. Teachers and students will always know where to find the leveled titles they need. Mackin has developed a design that makes finding and shelving titles natural and easy, while allowing for growth.

To receive a price estimate for your leveled library, fill out this specs form, attach to leveled library order form, then mail or fax back to us.

### HOW IT LOOKS

Start by selecting your leveled library reading program.

Choose one:

- Fountas & Pinnell Guided Reading
- Lexile

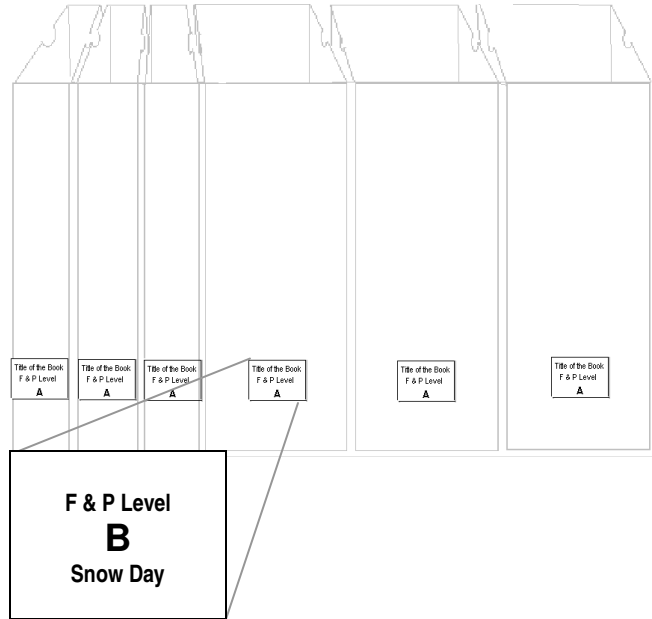

### STANDARD PACKAGE

#### STURDY 6-PACK SLEEVE

Titles are purchased in quantities of six per title. Each 6-pack is contained in a sturdy cardboard sleeve. The sleeve is labeled on the "spine" with a sleeve identifier label. Mackin will sort the sleeves in reading level order, according to your selected reading program type.

#### SLEEVE SPINE LABEL

Locate and re-shelve your leveled library titles with certainty using Mackin's easy-to-read sleeve spine label. This label includes title and reading level information for the books contained in the sleeve. If you'd like, Mackin can color-code your sleeves with colored label protectors, making it possible to make title selections at a glance.

SAMPLE ELEMENTARY		
Leveled Library		LEVEL B
 <b>3035800060 185</b>		
Snow Day		Mayer, Mercer
AR, RL 2.9, PV 0.5, T# 32983		F&P B
RC RL 1.3, PV 1, T# Q33290		
Lexile 200		

### ADDITIONAL OPTIONS

#### ENHANCED BARCODE

Track and inventory your leveled library books with Mackin's enhanced barcode. Mackin places this label on the front of the sleeve. Scan this barcode to check out the entire 6-pack. There is no need to scan all six copies in the sleeve. The label also includes all available reading level information on the title contained. Your selected reading program type is highlighted in the top corner of the label for easy shelving.

SCHOOL NAME \_\_\_\_\_  
(30 Characters Max)

ROOM NAME \_\_\_\_\_  
(i.e. Leveled Library, Bookroom--This information is fed from the local subject heading)

#### COLORED LABEL PROTECTORS

Mackin will color-code boxes by reading level.
