## GENERAL SCIENCE OVERVIEW

### SCIENCE MADE SIMPLE - 24 TITLES - ABDO Publishing Company © 2007

#### Overview: Helping Young Readers with Simple Science Concepts

This series explains general science concepts as well as how young students can express their knowledge of science. Each book is a REBUS Reader – a REBUS is an image in place of a word – as well as color-coded science terms for building low-level reading skills as well as science knowledge. For Unit-specific correlated titles, check the listings after this set.
