**NEW TITLES!**

**FULL-COLOR**

Inspired by the highly acclaimed *Opposing Viewpoints* series, *Introducing Issues with Opposing Viewpoints* explores important issues by placing expert opinions from a wide range of sources in a unique pro/con format. Like its predecessor, *Introducing Issues with Opposing Viewpoints* promotes issue awareness as well as critical thinking. Even more user-friendly and accessible than its parent series, *Introducing Issues with Opposing Viewpoints* offers a wealth of information at a lower reading level, in a bright, engaging package. This appealing combination helps even more students grasp the controversies of our increasingly complex world.

Each anthology features 14-16 carefully edited, accessible articles that clearly express various perspectives on such topics as abortion, alcohol, bullying, civil liberties, cloning, gangs, religion in schools, smoking, terrorism, UFOs, weapons of mass destruction, and more.

Each title features:

- Useful charts, graphs, and cartoons
- Attractive color photos that enliven the text
- Engaging fact boxes providing at-a-glance information
- Thought-provoking questions that focus on vocabulary and reading comprehension, enhancing each viewpoint and helping prepare students for the verbal sections of the SAT test
- Index
- Tools for further research, including annotated bibliographies, Web sites, and organizations to contact
