

MACKIN

SHARED DIGITAL COLLECTIONS

With MackinVIA Shared Collections, sharing eBooks and audiobooks between schools in a district or a consortium is one of the simplest and most economical ways to introduce digital content to a large number of students at an extremely affordable price. That's the beauty of MackinVIA Shared Digital Collections.

“By promoting both our MackinVIA collection and our Battle of the Books, participation grew dramatically. Once we tapped into our district’s shared collection for summer reading and winter break, our reading usage skyrocketed.”

— Hollyanne M. R., Specialist, Palm Beach County School District

MackinVIA

Shared Digital Collections Benefits

Provides equity by giving participating schools access to all purchased content

Reach more students with a wider variety of digital titles

Provide access to more digital content than a single school could purchase on its own

Seamless implementation with existing MackinVIA accounts

Sharing resources is an affordable solution for any number of schools you wish to serve

Excellent customer service assistance

Lifetime access to MackinVIA without paying an annual hosting fee

Custom collection curation by Mackin's professional librarians or the flexibility to customize on your own

Ability to purchase eBooks, audiobooks, databases and streaming videos specifically for your school (to be accessed alongside the shared collection)

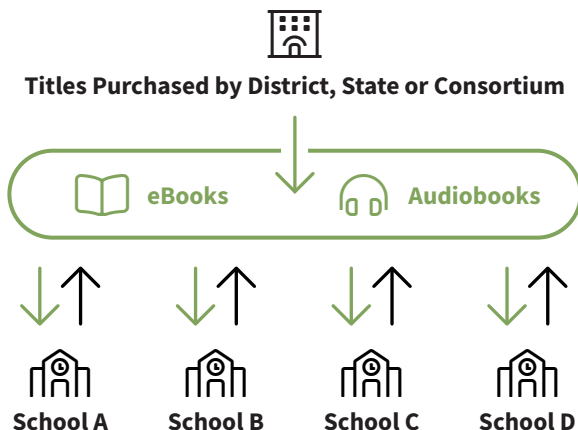

Free one-time migration of all existing digital content at the school and district/organization level

How Do MackinVIA Shared Digital Collections Work?

MackinVIA Shared Digital Collections serve a growing list of districts and organizations.

“Our consortium began using MackinVIA as our eBook portal in 2012. I feel what sets Mackin apart from other vendors is their constant effort to improve and innovate based upon customer feedback. From sales to customer service to technical support, our experience has been exemplary.”

— Jane F., Ottumwa, IA
