Interactive Whiteboard Lessons for the Classroom
Using SMART Notebook™ Technology

Timeless Classics
Easy-to-Use Interactive Whiteboard Lessons

Make it interactive! Interactive whiteboards are phenomenal tools. Don’t know what an interactive whiteboard is? Perhaps you’ve heard of a SMART board. Using an interactive whiteboard (IWB) can be a very effective instructional strategy for students who benefit from repetition including struggling learners. Lesson activities are powered by SMART Notebook™ collaborative learning software.

Each Timeless Classic offers activities for the interactive whiteboard taken directly from the corresponding Study Guide. Activities reinforce lessons presented in the Study Guide and offer a preview of the full-length lessons available in the guide. IWB activities feature 19 to 24 lessons in 168 screens (per title average)—that’s 700 lessons and over 5700 screens for the entire series—and include words and meanings puzzles; words and meanings antonym pairs; word search; figurative language; cause and effect; comprehension check; and more. Students use touch-screen functionality to reveal the answers.
